Jayashri Digambar Sable

Full-Stack Web Developer

+91 90229 37420 | jsable554@gmail.com | Chhatrapati Sambhajinagar, Maharashtra

PROFESSIONAL SUMMARY

Full-Stack Web Developer with 1+ year of professional experience designing, building and maintaining web applications with React.js, Node.js, Express.js, PHP, MongoDB and MySQL. Skilled in responsive interface development, REST API design and integration, database optimisation and OpenCart customisation. Currently developing Perinexa, a healthcare workflow application for patient and clinic management, with a focus on reliable, secure and maintainable code.

TECHNICAL SKILLS

Frontend	React.js, JavaScript (ES6+), HTML5, CSS3, Responsive Web Design
Backend	Node.js, Express.js, PHP, RESTful APIs, OpenCart (MVC)
Databases	MongoDB, Mongoose, MySQL
Tools	Git, GitHub, Visual Studio Code, XAMPP
Soft Skills	Communication, Teamwork, Independent Problem-Solving
Languages	English, Marathi, Hindi

PROFESSIONAL EXPERIENCE

Software Developer — Oct 2026 – Present

Anandi Private Limited

- Develop features of Perinexa, a healthcare application supporting patient workflows and clinic operations.
- Implement API integrations, data handling and user-interface improvements across frontend and backend modules.
- Contribute to testing, debugging and code quality as part of an ongoing development cycle.

Full-Stack Developer — May 2025 – Jul 2026

IpShopy Private Limited, Chhatrapati Sambhajinagar

- Built frontend and backend features using PHP, React.js, Node.js, JavaScript, HTML, CSS and MySQL.
- Customised OpenCart modules, controllers, models and templates to meet business requirements.
- Developed REST APIs, optimised MySQL queries and delivered new features for the Reel Studio project.
- Resolved bugs and improved application performance; managed code with Git and GitHub in a team workflow.

PROJECTS

Perinexa – Healthcare Management Application — **React.js · Node.js · Express.js · MongoDB**

- Healthcare application for patient registration, patient records and clinic workflows.
- Work on pregnancy-care modules, including visit follow-ups and scheduling of laboratory tests and sonography.

Reel Studio – Media Content Platform — **React.js · Node.js · MySQL**

- Media content platform with authentication, dashboard, CRUD operations and backend APIs.
- Built responsive React.js interfaces and optimised application performance.

E-Commerce Shopping Website

- Responsive online store with user authentication, product catalogue, shopping cart and order processing.
